Integrity Roof System™

Benefits to you... A professional spec and more profits
Benefits to your customers... Extra protection and peace of mind

- WinterGuard® – prevents leaks from ice dams and wind-driven rain
- RoofRunner™ or DiamondDeck® – high-performance underlayment
- Shingles and accessories – complete your roof system with products designed to complement one another, including the starter course, shingles and corresponding hip and ridge caps
- Ventilation – helps guard against premature roof deck deterioration
- Flintlastic® roofing – a selection of low slope roofing products

Brochure 20-30-235 50 qty – \$5

1. Waterproof Underlayment

The first step in your defense against the elements. Self-adhering underlayment is installed at vulnerable areas of your roof to help prevent leaks from wind-driven rain and ice dams.

2. Water-Resistant Underlayment

Provides a protective layer over the roof deck and acts as a secondary barrier against leaks.

3. Starter Shingles

Starter shingles are the first course of shingles that are installed and designed to work in tandem with the roof shingles above for optimal shingle sealing and performance.

4. Shingles

Choose from a variety of Good-Better-Best styles to complement any roof design and fit your budget.

5. Hip & Ridge Caps

Available in numerous profiles, these accessories are used on the roof's hip and ridge lines for a distinctive finishing touch to your new roof.

6. Ventilation

A roof that breathes is shown to perform better and last longer. Ridge Vents, in combination with Intake Vents, allow air to flow on the underside of your roof deck, keeping the attic cooler in the summer and drier in the winter.

Credentialed contractors, place your orders using MyEDGE™.

Project Map It

The #1 sales and marketing tool built for contractors

Project Map It is the best all-in-one sales and marketing tool for home improvement professionals. We help you close more jobs, and we're built around the way you work. We focus on what your customers are looking for. Research has shown that there are three things that customers look for when researching home improvement contractors: experience with projects similar to theirs, photos of previous work, and reviews from past customers. Project Map It tackles all three to help you win more business.

Portfolio: show off your previous projects

An interactive map showcases all your work, and lets customers search by area, project category, and even product types. Easily embed the map on your website.

Photos: upload unlimited project pics

Nothing promotes your work better than photos, so take as many as you like and easily upload them to your projects. Snap pics and upload them right on the job site.

Reviews: collect and showcase positive customer reviews

Past reviews sell future jobs, so we make it easy to collect new reviews and display existing reviews from Google and Facebook. Collect reviews easily in-person or via email.

To date, our customers have logged more than 600,000 projects, gathered more than 50,000 happy customer reviews, and snapped half a million project photos using our tool. They've also sold more jobs, so join them today!

resources

Proslut™ Network

Proof Management's PROSLUT Network is dedicated to helping the owners of smaller contracting firms reach the next level of their business.

PROSLUT is mentored by Monroe Porter, a bottom-line oriented management consultant specializing in small building trade contractors. The first thing PROSLUT does for the new member is help understand costs. The focus then shifts to developing an organization that can support production and sales growth.

This is accomplished through a board of directors approach where non-competing same-trade contractors support each other in setting and implementing strategic goals.

Homes for Our Troops

Homes for Our Troops (HFOT) is a privately funded nonprofit organization building specially adapted, mortgage-free homes nationwide for the most severely injured Veterans from Iraq and Afghanistan

Most of these Veterans are multiple amputees, paraplegic, quadriplegic or suffered severe traumatic brain injury. These homes restore some of the freedom and independence our Veterans sacrificed defending ours, and enable them to focus on their family, recovery, and rebuilding their lives.

It is an honor and privilege for CertainTeed to support the noble efforts of Homes for Our Troops. CertainTeed donates the roofing materials for the homes that are built around the country.

We hope your company can take part also by lending a hand to this endeavor. Being a contributor allows each of us in some small way to help those veterans who have dutifully served our country and given so much of themselves in doing so.

In addition to the gratification of contributing, if your company installs a roof for Homes for Our Troops, it will be mentioned as the workforce donor in a press release from CertainTeed which covers your local area.

Contact your local CertainTeed representative to learn more about this.
