ASPHALTIC MEMBRANE WARRANTY

WARRANTY OVERVIEW

CertainTeed offers standard asphaltic membrane roof system warranty durations up to 25 years. Additionally, Star Contractors can increase warranty durations by 25% by engaging in an Integrity Maintenance Coverage agreement with their client. CertainTeed offers three warranty options: Asphaltic Membrane Limited Warranty on Materials, Integrity Roof System® Limited Warranty and Integrity Roof System® No Dollar Limit (NDL) Limited Warranty.

WARRANTY DURATIONS & SYSTEM SPECIFICATIONS

CertainTeed Integrity Roof System warranty durations are based on a combination of system specification and product selection. For example, CertainTeed Specification APP-C-2-T lists multiple base sheet and cap sheet options. Per the specification, all base sheets are fully adhered, either in hot asphalt, torch-welded or self-adhered. Per the APP Warranty Duration Matrix, a pairing of All Weather/Empire Base Sheet with Flintlastic GTA carries a 12-year warranty duration. However, a pairing of Black Diamond Base Sheet with Flintlastic GTA carries a 15-year warranty duration. Both of these configurations are options within APP-C-2-T. Further, the addition of two layers of FlintBoard roof insulation or CertainTeed approved cover board (second layer adhered) to a Black Diamond Base Sheet – Flintlastic GTA roof system increases the warranty duration to 20 years and would now be CertainTeed Specification APP-I-2-T. It's important to understand that each CertainTeed Specification allows for various base, ply and cap sheet configurations and, as such, warranty durations associated with an individual specification will vary.

This Limited Warranty is not a maintenance agreement or an insurance policy. Routine inspections and maintenance of the roof system must be completed by the Owner on a regular basis and are the Owner's responsibility. Inspections by Owner shall take place at least on a semi-annual basis and shall be documented. Periodic inspections are the Owner's responsibility and shall include such things as making minor repairs, cleaning off debris, cleaning filters and gutters, unclogging drains and removing standing water. CT will only reimburse Owner for essential temporary repair expenses that would have been covered under this Limited Warranty.

NOTICE OF CLAIMS

Owner shall grant access to the entire roof system as necessary for CT to investigate a claim, which includes, but is not limited to, the taking of samples that adequately demonstrate the alleged problem for testing by CT as part of the claim investigation. Information presented and determined as incomplete or inaccurate, shall result in this warranty being null and void. Should a dispute arise between any of the parties (contractor, owner, CT) as to whether or not the contractor was paid in full, CT will hold the Limited Warranty in abeyance until such time as the parties agree that this condition has been satisfied.

Notification to a roofing contractor is not considered notice to CT. This notice of claim must include a general description of the alleged defect and a copy of your Roof Maintenance Program records. Owner shall grant access to the entire roof system as necessary for CT to investigate a claim, which includes, but is not limited to, the taking of samples that adequately demonstrate the alleged problem for testing by CT as part of the claim investigation. If access is not granted, CT shall have the right to determine, at its sole discretion, that this Limited Warranty is void as to that portion of the roof system to which access is denied. Should the investigation of the leak be determined not to be covered under this Limited Warranty, any costs associated with the leak investigation shall be the owner's sole responsibility. This Limited Warranty will become void if costs associated with non-warranty findings are not paid in full within 30 days of receipt of any CT invoicing. If it is determined at CT's sole discretion that the roof is in a state of poor maintenance or in disrepair, CT reserves the right to reject the transfer and void this Limited Warranty. Transfer fees are non-refundable as they are applied to inspection and administrative costs. NOTICE OF CLAIMS

Any claim or request for CT to perform under this Limited Warranty must be made by the building owner to CT in writing to the above listed address, by email to rpg@saint-gobain.com, or by visiting www.ctroof.com within thirty (30) days of discovery of the defect or CT will have no responsibility for repairs. Notification to a roofing contractor is not considered notice to CT. This notice of claim must include a general description of the alleged defect and a copy of your Roof Program Maintenance records. Owner shall grant access to the entire roof system as necessary for CT to investigate a claim, which includes, but is not limited to, the taking of samples that adequately demonstrate the alleged problem for testing by CT as part of the claim investigation. If access is not granted, CT shall have the right to determine, at its sole discretion, that this Limited Warranty is void as to that portion of the roof system to which access is denied. Should the investigation of the leak be determined not to be covered under this Limited Warranty, any costs associated with the leak investigation shall be the owner's sole responsibility. This Limited Warranty will become void if costs associated with non-warranty findings are not paid in full within 30 days of receipt of any CT invoicing. If it is determined that CT installation procedures have not been followed, or the required materials have not been installed, CT may cancel this Limited Warranty at any time.

NOTE: In the event an emergency condition exists which requires immediate repair to avoid damage to the building or its contents, owner may make essential temporary repair(s) performed by a qualified roofer. CT will only reimburse Owner for essential temporary repair expenses that would have been covered under this Limited Warranty.

MODIFICATION OF COVERAGE

Only CT's Commercial Technical Services Department is authorized to modify coverage provided by this Limited Warranty. Issuance of this Limited Warranty or review or inspection of plans, the building or roof system application by a CT representative does not waive any exclusions or conditions of this Limited Warranty.

TRANSFERABILITY OF LIMITED WARRANTY

This warranty is not transferable and terminates if the building is sold or ownership transferred.

CONDITION PERTAINING TO WARRANTY EFFECTIVENESS

This Limited Warranty shall become effective only upon the occurrence of all the following events:

1. Receipt of roofing contractor's notice of completion;
2. CT final inspection and completion of all punchlist items
3. Payment of CT's warranty fee to CT; and
4. Owner's payment to roofing contractor for installation and supplies.

COVERAGE

CertainTeed (CT) hereby warrants to the original building owner (Owner) the bituminous CT roof membrane and liquid-applied coating or membrane (Product) installed at the above address, subject to the following terms, conditions, limitations and exclusions, until the Warranty Extension Expiration Date. If during the duration of this Limited Warranty Extension a manufacturing defect in the Product causes a leak, CT or its designated roofing contractor will, at CT's sole discretion, repair or replace the Product only as necessary to restore it to a watertight condition. Only manufacturing defects in the Product that cause leaks are covered by this Limited Warranty Extension. CT's maximum liability during the Original Limited Warranty duration is unchanged by this Limited Warranty Extension and will carry over throughout the Limited Warranty Extension duration, such that CT's maximum liability is the original cost of the Product used on the roof, determined by CT to be defective, reduced by 4% for original 25-year warranties, 5% for original 20-year warranties, 6.67% for original 15-year warranties, 8.3% for original 12-year warranties and 10% for original 10-year warranties during each subsequent year, less any costs previously incurred by CT for repair or replacements. In no event will CT be responsible for costs associated with labor. In no event, however, will CT be responsible for any costs related to the removal or abatement of any asbestos present in any existing roof system to which the Product is applied. Product as used herein, shall include the following components: specified base sheets(s), interplies and cap sheet(s), asphalt materials between bituminous layers when required, primers, mastics, coating and polyester reinforcements as required for the above warranty duration and applied per CT's specifications and instructions published at the time of installation. Roof components which are not part of the Product and hence not covered by this Limited Warranty include, but not limited to the following: underlying roof deck, insulation, vapor retarders, fasteners, metal work, drains, pitch pans, expansion joints, skylights, vents and plastic accessories.

EXCLUSIONS FROM COVERAGE

This Limited Warranty does not cover leaks, damages or injuries of any type, including, but not limited to, damage to roof insulation, roof decks or other bases over which the Product is applied, attributable directly or indirectly to any of the following:

1. Natural disasters, including, but not limited to, cyclones, tornadoes, hurricanes or other winds exceeding 38 mph; lightning, earthquakes, flood, hail or fire;
2. Falling objects, civil insurrection, war, riot or vandalism;
3. Settlement, deflection, movement, moisture content, inadequate attachment, or other deficiencies of the roof deck, pre-existing roof system or coating, walls, foundations or any other part of the building structure, insulation or other materials underlying the Product;
4. Failure of the Product caused or contributed by:
 - a. Maintenance, repair or work on the roof unrelated to the Product, such as, but not limited to mechanical, electrical, plumbing, etc.;
 - b. Infiltration or condensation of moisture in, through or around the walls, copings and metal components, pitch pans, building structure or underlying or surrounding materials;
 - c. Traffic of any nature or use of the roof surface as a storage area, walking or recreational surface or for any other similar purpose;
 - d. Movement or deterioration of metal work used in conjunction with the Product;
 - e. Deposits of solids or foreign objects or agents including plant or animal life or any organic or inorganic solvents which may cause deterioration of the Product;
 - f. Building design or construction or cracks, deterioration or openings in the roof substrate;
 - g. Lack of positive slope or inadequate drainage, to completely remove water from the roof system to prevent ponding water conditions on the roof system as defined by the NRCA (48 hours) and areas where water is allowed to drain onto the roof from air conditioning units or other rooftop equipment no matter the surface appearance at preliminary inspection or the final inspector's acceptance;
 - h. Installation over a wet surface or substrate;
 - i. Loose, defective or improperly installed fasteners;
5. Failure to adhere to all CertainTeed application instructions, construction details and Commercial Roof Maintenance Program as published at the time of installation;
6. Unauthorized application on excluded buildings or structures (see CT's General Recommendations);

9. Placement of any additional structures on the roof membrane such as, but not limited to, equipment or framework used in connection with air conditioning units, transmission and/or reception devices, signs and/or water towers; this exclusion does not apply to the installation of a CT photovoltaic system when installed in accordance with published application and applicable construction details at the time of installation;
10. Failure to maintain the watertight integrity of the roof system; owner must make repairs to non-warranted items that affect the watertight integrity of the roof system;

If owner, without prior written consent of CT, makes or permits any repairs, alterations, deletions or additions to the roof, all of CT's obligations, duties and coverage under this Limited Warranty will terminate and the Limited Warranty will be voided.

NOTE: In the event an emergency condition exists which requires immediate repair to avoid damage to the building or its contents, owner may make essential repair(s) performed by a qualified roofer. CONDITION PERTAINING TO WARRANTY EFFECTIVENESS

This Limited Warranty applies to roof membranes installed during the calendar year of 2019 and shall become effective following complete installation of the roof membrane and payment in full to the roofing contractor. The warranty in effect at the time the material is originally installed is the applicable warranty. The warranty duration listed above is solely based upon information provided within the Product Registration/Warranty Request Form. Information presented and determined as incomplete or inaccurate, shall result in this warranty being null and void. Should a dispute arise between any of the parties (contractor, owner, CT) as to whether or not the contractor was paid in full, CT will hold the Limited Warranty in abeyance until such time as the parties agree that this condition has been satisfied.

1- Not applicable to Extensions on new CertainTeed roofs.

2- Not required for granulated asphaltic roof surfaces where roof is sound and granules are intact.

This agreement is hereby entered into by and between CertainTeed LLC (hereinafter “CT”) and the contractor identified below.

In consideration for being approved by CT as a SMARTCOAT Approved Applicator (hereinafter “Applicator”) authorized to install SMARTCOAT liquid-applied roof systems, pursuant to CT’s published Specifications and installation instructions (hereinafter “Specifications”), which will, subject to the provisions of this agreement, permit Applicator to apply for a CT SMARTCOAT No Dollar Limit Limited Warranty or Integrity Roof System NDL Limited Warranty, SMARTCOAT Extension (hereinafter “NDL”), Applicator agrees to be bound by the following terms and conditions:

1. The Applicator will use his/her best efforts to promote the distribution and sale of CT SMARTCOAT roof systems and materials.
2. Only liquid-applied roofing materials manufactured or approved in writing by CT’s Commercial Roofing Technical Services Department shall be utilized in the application of a roof system warranted by CT.
3. The Applicator shall perform all applications of CT SMARTCOAT roofing materials in a timely and workmanlike manner, and all requirements which are incorporated in CT’s Specifications in effect at the time of application must be followed.
4. The Applicator will notify CT at least 10 business days prior to commencing work to arrange for the pre-job inspection by CT.
5. In addition to the pre-job inspection cited in Paragraph 4 above, a CT inspector shall be allowed to inspect the project site during application of the SMARTCOAT roof system at times and on occasions which shall be within the sole discretion of CT, but which shall not unreasonably impose on the owner of the premises or the Applicator, in order to assure that the work being performed by the Applicator at the time of the inspection is in conformance with the pertinent CT SMARTCOAT roof systems Specifications.
6. The Applicator shall employ the necessary supervisory personnel and workers, together with suitable equipment, to complete the work without unnecessary delay and in such a manner as will aid CT to inspect said work at a minimum expense. In the event that it becomes necessary to temporarily discontinue said work, Applicator agrees to notify CT as to when said work shall be resumed, and if the Applicator fails to give such notice, the SMARTCOAT Limited Warranty Application (hereinafter “Application”) may be rejected at CT’s option.
7. The Applicator agrees to notify CT promptly following completion of the SMARTCOAT roof system in order that CT can conduct an inspection to determine if any installation issues need to be addressed prior to declaring the SMARTCOAT roof system suitable for issuance of the NDL. Upon completion of the roof, the Applicator’s copy of the Application form containing the roof completion date, receipts of SMARTCOAT products purchased, requisite in-progress and completed project photographs and accompanied by the balance of the NDL fee, shall be returned to CT as part of the process leading to issuance of an applicable NDL. It is a condition precedent to the issuance of the NDL that the Applicator complete and execute his/her copy of the Application.
8. The Applicator shall be responsible for forwarding the written NDL to the property owner.
9. Following issuance of an NDL, a joint inspection of the roof system will be conducted by a CT inspector and the Applicator within two (2) years following completion of the roof installation. If such inspection or any other inspection during that 2-year period reveals any unsatisfactory roof or flashing condition which, in the sole opinion of CT, is due to application error or faulty application techniques, the Applicator shall, at his/her own expense, immediately make such repairs as are reasonably required by CT to improve the condition of the roof to a level satisfactory to CT. Beyond the aforesaid 2-year period, CT will be responsible to the Applicator only for repairs which have been authorized by CT.
10. It is hereby mutually agreed that CT reserves the right to unilaterally cancel this agreement, in accordance with Paragraph 13 and/or the Code of Ethics and Professional Practices below, should, at any time during the period of this agreement, any of the following circumstances occur:
 - a) The financial viability of the Applicator becomes impaired.
 - b) The Applicator fails to comply with the terms of CT’s published Specifications.
 - c) The workmanship of the Applicator becomes unacceptable to CT.
 - d) The Applicator fails to uphold his/her responsibilities and obligations under CT’s SMARTCOAT Limited Warranty program (hereinafter “Warranty program”), including, but not limited to, complying with the process implemented by CT for determining whether SMARTCOAT roof systems are suitable for issuance of an NDL.
 - e) The Applicator or his/her employees make misrepresentations or unauthorized representations to his/her customer regarding CT’s policies, products or warranties.
 - f) The Applicator fails to complete a construction contract without justifiable cause.
11. The Applicator agrees to defend, indemnify and hold CT harmless against any damages it may suffer as a result of misrepresentations made by the Applicator to CT, including, but not limited to, misrepresentations made during the process of applying to become a SMARTCOAT Approved Applicator or misrepresentations made with respect to specific applications of CT SMARTCOAT products and roof systems.
12. It is agreed that the Applicator is an independent contractor, has no authority to make any representations or warranties on behalf of CT, and shall defend, indemnify and hold CT harmless for any damages caused by unauthorized representations, misrepresentations or warranties made by him/her or by his/her employees or agents to parties other than CT. The Applicator agrees not to misrepresent to his/her customer the responsibility of CT under its NDL, and that, if the customer has any specific questions regarding CT’s responsibility thereunder, the Applicator will promptly transmit such questions to CT’s Commercial Roofing Technical Services Department.
13. This agreement by either party, shall remain in effect for the remainder of the calendar year 2022. It may be renewed, at the option of CT, for successive 1-year periods. In order for any such renewal to be effective, it must be communicated in writing by CT. Either party shall have the right to terminate this agreement at any time after the effective date upon thirty (30) days’ notice in writing to the other party. Any such notice shall be in writing and will be deemed as duly given upon mailing thereof by first class mail, certified or registered with postage prepaid. Upon termination of this agreement, the contractor shall cease and desist from representing to the public that he/she is approved by CT to install roof membranes which will qualify for issuance of a CT NDL Limited Warranty. Termination of this agreement shall not relieve the contractor of any of his/her obligations under Paragraphs 11 and 12 above, or of his/her obligations undertaken with respect to the construction contract or the Warranty issued in connection with a roof system installed pursuant to CT’s Warranty program.
14. Upon termination of this agreement by either party, the Applicator shall cease and desist from representing to the public that he/she is approved by CT as a SMARTCOAT Approved Applicator authorized to install SMARTCOAT roof systems which will qualify for issuance of an NDL. Termination of this agreement shall not relieve the Applicator of any of his/her obligations under Paragraphs 11 and 12 above, or of his/her obligations undertaken with respect to the construction contract or an NDL issued in connection with a SMARTCOAT roof system installed pursuant to the Warranty program.
15. These conditions supersede all prior SMARTCOAT Approved Applicator agreements between the parties and constitute the entire understanding with respect to the subject matter hereof, and shall not be amended or altered except in writing signed by an authorized representative of both parties.

Retention in the Program

The SAA program and its membership are at the sole discretion of CertainTeed. COVERAGE

For a period of 5 years, from the date of installation completion, CertainTeed LLC (CT) warrants to the original building owner (Owner) that SMARTCOAT 420 Fibered Aluminum Coating (Coating) used on the roof will be free from manufacturing defects that affect the performance of CT's Coating on the owner's roof.

In the event there is a failure of CT's Coating due to a manufacturing defect during the warranty period, CT shall, at its sole discretion, replace, repair or pay for the original cost of the defective product only, to return CT's Coating to a warrantable condition. Note: Repair leaks promptly to avoid water damage, including mold growth.

EXCLUSIONS FROM COVERAGE

This Limited Warranty does not cover leaks, damages or injuries of any type, including, but not limited to, damage to roof insulation, roof decks or other bases over which the CT Coating is applied and attributable directly or indirectly to any of the following:

1. Damage or leaks to the roof membrane caused directly or indirectly by natural disaster such as falling objects, cyclones, hurricanes, tornadoes, or other winds or gusts exceeding 38 mph, earthquakes, lightning, hail or fire;
2. Damage to the roof membrane caused by, among other things, misuse, abuse, falling objects, tools, foot traffic, additional equipment or sign installation; this exclusion does not apply to the installation of a CT photovoltaic system when installed in accordance with published application and applicable construction details at the time of installation;
3. Damage to the roof membrane caused by clogged drains or lack of adequate drainage that promptly and readily removes water from the roof;
4. Lack of positive slope or inadequate drainage, to completely remove water from the roof system to prevent ponding water conditions on the roof system as defined by the NRCA (48 hours);
5. Damage to, or failure of, the roof membrane in any manner caused or contributed to by settlement, cracking, warping, expansion, contraction, deflection or other movement of the building structure;
6. Failure to adhere to all CT application instructions, construction details and Commercial Roof Maintenance Program as published at the time of installation;
7. Any use of roofing materials of any kind or nature not approved in CT's Commercial Roof Systems Specifications manual or in advance in writing by CT's Commercial Roofing Technical Service Department;
8. Mold and other damage caused by water entering building;
9. Any other damage not attributable to a manufacturing defect of the CT Coating.

This Limited Warranty is only applicable when CT products are properly installed according to CT published specifications and label instructions. This Limited Warranty does not cover leaks or damage caused by leaks. This Limited Warranty applies only to materials. This Limited Warranty does not include installation or labor costs. The existing roof deck has not been inspected by CT and is NOT part of this Limited Warranty. CT shall not be liable for any incidental, consequential or other damages including, but not limited to the loss of sales, profits, rent payments, inventory, equipment, valuables or other monetary losses or damages to the structure or the structures contents, even if the actions or remedies provided under this Limited Warranty do not perform their specified purpose.

ROOF MAINTENANCE

This Limited Warranty is not a maintenance agreement or an insurance policy. Routine inspections and maintenance of the roof system must be completed by the owner on a regular basis and are the owner's responsibility. Inspections by owner shall take place at least on a semi-annual basis and shall be documented. Periodic inspections are the owner's responsibility and shall include such things as making minor repairs, cleaning off debris, cleaning filters and gutters, unclogging drains and removing standing water. Lack of regular maintenance shall void this Limited Warranty. For specific information on roof maintenance requirements please visit our website at www.certainteed.com.

UNAPPROVED REPAIRS, ALTERATIONS, DELETIONS OR ADDITIONS

All repairs, alterations, deletions or additions to any aspect of the roof that affects the coating or any material contiguous thereto must have prior written approval of CT Roofing's Warranty & Technical Services Department (CertainTeed Roofing Products Group, Technical Services Department, 20 Moores Road, Malvern, PA 19355, (800) 396-8134 x2). If owner, without prior written consent of CT, makes or permits any repairs, alterations, deletions or additions to the roof that affect the CT coating, all of CT's obligations, duties and coverage under this Limited Warranty will terminate and the Limited Warranty will be voided.

NOTE: In the event an emergency condition exists which requires immediate repair to avoid damage to the building or its contents, owner may make essential repair(s) performed by a qualified roofer. CT will only reimburse Owner for essential temporary repair expenses that would have been covered under this Limited Warranty.

NOTICE OF CLAIMS

Any claim or request for CT to perform under this Limited Warranty must be made by the building owner to CT in writing to the above listed address, by email to rpg@saint-gobain.com, or by visiting www.ctroof.com within thirty (30) days of discovery of the defect or CT will have no responsibility for repairs. Notification to a roofing contractor is not considered notice to CT. This notice of claim must include a general description of the alleged defect and a copy of your Roof Program Maintenance records. Owner shall grant access to the entire roof system as necessary for CT to investigate a claim, which includes, but is not limited to, the taking of samples that adequately demonstrate the alleged problem for testing by CT as part of the claim investigation. If access is not granted, CT shall have the right to determine, at its sole discretion, that this Limited Warranty is void as to that portion of the roof system to which access is denied. Should the investigation of the leak be determined not to be covered under this Limited Warranty, any costs associated with the leak investigation shall be the owner's sole responsibility. This Limited Warranty will become void if costs associated with non-warranty findings are not paid in full within 30 days of receipt of any CT invoicing. If it is determined that CT installation procedures have not been followed, or the required materials have not been installed, CT may cancel this Limited Warranty at any time.

NOTE: In the event an emergency condition exists which requires immediate repair to avoid damage to the building or its contents, owner may make essential temporary repair(s) performed by a qualified roofer. CT will only reimburse Owner for essential temporary repair expenses that would have been covered under this Limited Warranty.

TRANSFERABILITY

This Limited Warranty is applicable to the original building owner only and not transferable.

CONDITION PERTAINING TO LIMITED WARRANTY EFFECTIVENESS

This Limited Warranty shall only become effective following the complete installation of the CT Coating according to CT published specifications and payment in full to the roofing contractor. Should a dispute arise between any of the parties (contractor, owner, CT) as to whether or not the contractor was paid in full, CT will hold the Limited Warranty in abeyance until such time as the parties agree that this condition has been satisfied.

EXCLUSIVE WARRANTY AND LIMITATION OF REMEDIES

THIS DOCUMENT CONSTITUTES THE EXCLUSIVE WARRANTIES AND REMEDIES PROVIDED BY CERTAINTEED. THE WARRANTIES AND REMEDIES CONTAINED IN THIS DOCUMENT ARE EXPRESSLY IN LIEU OF ANY AND ALL OTHER OBLIGATIONS, GUARANTEES AND WARRANTIES, WHETHER WRITTEN, ORAL OR IMPLIED BY STATUTE OR AT LAW. STATE OR PROVINCIAL LAW WILL DETERMINE THE PERIOD OF TIME FOLLOWING THE SALE THAT A PROPERTY OWNER MAY SEEK A REMEDY UNDER THE IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. CERTAINTEED'S OBLIGATIONS, RESPONSIBILITIES AND LIABILITY SHALL BE LIMITED TO REPAIRING OR REPLACING THE DEFECTIVE CT COATING AS SET FORTH IN THIS LIMITED WARRANTY. IN NO EVENT SHALL CERTAINTEED BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND, INCLUDING ANY DAMAGE TO THE PROPERTY, THE BUILDING OR ITS CONTENTS, OR FOR INJURY TO ANY PERSONS THAT MAY OCCUR AS A RESULT OF THE USE OF THE CT COATING OR AS A RESULT OF THE BREACH OF THIS WARRANTY. IF YOUR STATE OR PROVINCE DOES NOT ALLOW EXCLUSIONS OR LIMITATIONS OF SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. IN NO EVENT SHALL CERTAINTEED'S TOTAL LIABILITY ARISING OUT OF OR RELATED TO THE CT COATING OR THIS WARRANTY EXCEED THE COST TO THE OWNER OF THE CT COATING OF THE ORIGINAL INSTALLATION. THIS LIMITED WARRANTY MAY NOT BE MODIFIED, ALTERED OR EXPANDED BY ANYONE, INCLUDING PRODUCT DISTRIBUTORS, DEALERS, SELLERS, INSTALLERS, AND/OR CERTAINTEED FIELD REPRESENTATIVES. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE OR PROVINCE TO PROVINCE.

MODIFICATIONS OF COVERAGE

Only CT Roofing's Warranty & Technical Services Department is authorized to modify coverage provided by this Limited Warranty. Issuance of this Limited Warranty or review or inspection of plans, the building or product application by a CT representative does not waive any exclusions or conditions of this Limited Warranty. Application of the CT Coating that deviates from CT's Commercial Roof Systems Specifications manual voids coverage, unless prior written approval is provided by CT Roofing's Warranty & Technical Services Department.

AGREEMENT TO BINDING ARBITRATION

Any and all claims, disputes and other matters in question that may occur between owner, the contractor, and/or CT, arising out of, in connection with, or relating to this Limited Warranty or breach thereof, shall be submitted to BINDING ARBITRATION for resolution. The arbitration shall be conducted by the American Arbitration Association under its Construction Industry Arbitration Rules then in effect, unless the parties mutually agree otherwise. This agreement to arbitrate shall be specifically enforceable under the Federal Arbitration Act, 9 U.S.C. § 2 or the applicable state arbitration laws. The award rendered by the arbitrator shall be final, and judgment may be entered upon such award in accordance with applicable law in any court having jurisdiction thereof. Inspection CT does not practice engineering or architecture. Issuance of this Limited Warranty or any roof inspections conducted by CT or its authorized agent, do not constitute an approval of the roof, the roof design plans or specifications, or the construction or installation of the roof. Roof designs, construction plans or installation of the roof system should be approved by owner or owner's professional. Any roof inspections are solely for the benefit of CT.

EXAMINATION OR INSPECTION

CT does not practice engineering or architecture. Issuance of this Limited Warranty or any roof inspections conducted by CT or its authorized agent, do not constitute an approval of the roof, the roof design plans or specifications, or the construction or installation of the roof. Roof designs, construction plans or installation of the roof system should be approved by owner or owner's professional. Any roof inspections are solely for the benefit of CT.

PROTOCOL

This test method covers a field procedure for determining the strength and characteristics of the bond of a liquid-applied coating/roof system, for use on low-slope roofs. CertainTeed recommends an adhesion test be conducted prior to the application of any SMARTCOAT Coating and requires such testing where specified for SMARTCOAT Limited Warranties.

A minimum of two adhesion tests should be conducted in the field, one every 10,000 sq. ft. Additional tests should be conducted over extensively degraded substrates with cracked surfaces, any change in substrate material and any areas with indication of ponding water.

TOOLS & MATERIALS

You need the following materials to conduct an adhesion test:

- SMARTCOAT 100 Roof Wash if roof wash is to be utilized on the project
- Rag(s)
- SMARTFAB 500 Series Reinforcement cut into 1" x 12" strips (longer strips can be used if desired/easier to manage)
- SMARTCOAT 200 Series Bleed Blocker/Universal Primer (appropriate to substrate) if product may be utilized on the project
- SMARTCOAT 400 Series Coating (as specified for the project) if product may be directly applied to the existing roof/substrate
- Fish Scale
- Knife/Blade
- Wet Mil Thickness Gauge (Optional)

INSTRUCTIONS

1. Clean the roof surface where the adhesion test will be conducted. Use any of the following as appropriate to adequately remove all dirt, rust, grease, debris or anything that could interfere with adhesion: SMARTCOAT 100 Roof Wash, rinsed to ensure all detergent is removed, pressure washer, broom or brush. A rag should scrub up clean when the roof surface is properly prepared.
- 2a. If a Bleed Blocker or Primer May Be Used
In this case, the bond between the Bleed Blocker/Primer and the substrate is the interface we shall test. Apply the Bleed Blocker/Primer at a rate of approximately 1-1.5 gallons/100 sq. ft. depending on surface porosity (16-24 wet mils). While the Bleed Blocker/Primer is wet, embed SMARTFAB 500 Series reinforcement strips, 1" x 12" (or longer), allowing at least 4" of the strip to extend beyond the Bleed Blocker/Primer. After the reinforcement is embedded and completely saturated, apply a second coat of Bleed Blocker/Primer to fully encapsulate the reinforcement; ensure at least 4" of the reinforcement strip remains free of Bleed Blocker/Primer. Lightly brush/roll to ensure all air is removed.
- 2b. If the Coating May Be Direct-Bonded without Primer/Bleed Blocker
In this case, the bond between the Coating and the substrate is the interface we shall test. Apply the Coating at a rate of at approximately 1-1.5 gallons/100 sq. ft. depending on surface porosity (16-24 wet mils). While the Coating is wet, embed SMARTFAB 500 Series reinforcement strips, 1" x 12" (or longer), allowing at least 4" of the strip to extend beyond the Coating. After the reinforcement is embedded and completely saturated, apply a second coat of Coating to fully encapsulate the reinforcement; ensure at least 4" of the reinforcement strip remains free of Coating. Lightly brush/roll to ensure all air is removed.

THE BLEED BLOCKER/PRIMER/COATING MUST BE FULLY CURED ABOVE PUBLISHED MINIMUM APPLICATION TEMPERATURE BEFORE AN ADHESION TEST IS CONDUCTED.

Allow SMARTCOAT 200/210 Bleed Blocker/Primer a minimum of one week (7 days) to cure.

Allow SMARTCOAT 400/401/405 Acrylic Coating a minimum of one week (7 days) to cure.

Allow SMARTCOAT 450 High Solids Silicone Coating a minimum 72 hours to cure.

3. Lightly score the entire 12" length of the reinforcement strip on both sides to ensure you are measuring the adhesive bond to the roof substrate and not the force required to tear the membrane. Tie a knot at the end of the 4" dry reinforcement strip such that the hook end of the fish scale can be attached. Place the fish scale to facilitate a 90° peel, pulling the reinforcement up and back through the Coating. Pull the reinforcement slowly, approximately 2"/min.

The reinforcement shall require a minimum 2 lbs. per lineal inch of force to peel. Ideally, the peel shall indicate cohesive failure, leaving some coating adhered to the roof substrate and some coating adhered to the back side of the reinforcement. The adhesion test is considered a fail if the coating is pulled off the existing roof substrate with less than 2 lbs. per lineal inch of force.

Roof installed by: _____ **Warranty #** _____

The following information is designed to assist owners in establishing a regular and beneficial roof inspection and maintenance program. This important area of responsibility for the building owner can provide many long-term benefits, including extended life expectancy of the roofing system, reduced average in-place cost, prevention of major deterioration resulting from minor problems and eventually, reduced roof system replacement cost. Failure to properly maintain the roof system voids all CertainTeed Commercial Roofing Limited Warranties.

Roof Maintenance Guidelines

All roofs require regular inspections and periodic maintenance to achieve their expected life. Roofs should be inspected at least twice yearly, in the spring and fall. Additionally, all roofs should be inspected after any severe weather or storms. The roofing contractor who installed the roof membrane, in conjunction with the building owner's maintenance personnel, should perform these inspections. Leaks occur most often at flashings, pitch pans, gravel stops, and other penetrations. Wind damage occurs most often at the roof edge termination. Pay special attention to these areas. All components of the roof are the owner's responsibility to maintain.

General – One of the keys to avoiding roof damage is limiting access to the roof. Allow only authorized personnel on the roof who understand good roof access procedures and precautions. Bag and remove all debris from the roof. Keep grease and oil off of the roof. Clean and remove any liquid deposits immediately. Do not allow foot traffic on the roof in very hot or very cold weather. Do not allow the installation of television or radio antennas, satellite dishes or other mechanical equipment without notifying CertainTeed for approval and for consultation about the methods and details for these installations.

Roof Drains – CertainTeed requires positive drainage. Owners must keep roof drains and the surrounding areas free of debris to allow for proper drainage. Maintain proper attachment of drain clamping rings.

Metal Flashing – Start with a visual examination looking for areas of damage or rust. Ensure that the flashing has remained properly attached and sealed. Repair or replace areas with damage, poor caulking, and all loose areas including counterflashing, coping, seams and/or joints.

Pitch Pans – Keep pitch pans full at all times. Examine and repair the metal pan assembly when necessary.

Rooftop Equipment – Qualified roofing personnel should accompany the equipment installation and/or service employees. If this is not practical, have qualified roofing personnel inspect the area after the equipment installation and/or service employees have completed their work. Regularly check and maintain the condition of all rooftop equipment. Ensure that no substances from the equipment are being deposited on the roof, and if deposits are present – clean immediately. Check equipment flashing for proper condition.

Roof Coating – Visually inspect for signs of deterioration. Maintenance or replacement completed by a roofing professional is essential. Coating life is affected by a variety of factors including climate and environment.

Other – The above list reflects only the most common components found on roof systems; it is not all-inclusive. Contact CertainTeed for additional information.

Owner Inspection and General Recommendations

- A. Utilize roofing professionals or thoroughly trained maintenance personnel for roof-related issues. Use of a Registered Roof Consultant (RRC) or Registered Roof Observer (RRO) is recommended.
- B. Owners should file all job records, drawings, and specifications for future reference. Contract with a roofing contractor authorized by CertainTeed to set up a regular inspection and roof maintenance schedule. Record maintenance procedures as they occur. Log all roof access times and other trades working on the roof, in case damage should occur. Report damage as soon as it occurs, so repairs may be scheduled and executed as soon as possible.
- C. Make more frequent inspections (six times per year) on buildings that house manufacturing facilities that evacuate or exhaust debris or other contaminants (e.g., grease) onto the roof.
- D. Inspect the exterior of the building for settlement or movement. Structural movement may result in splits in the roof membrane.
- E. Repairs should be performed as soon as needed – owners should not allow a nuisance leak to develop into a major problem, degrading insulation and destroying a large portion of the roof assembly. While a roofing contractor authorized by CertainTeed should perform repairs and maintenance work, the owner can help maintain the roof by ensuring that minor clean-up and maintenance procedures are performed (e.g., regular checking and cleaning of debris from roof and around drains).
- F. Notify CertainTeed immediately after a roof leak occurs. If possible, note conditions resulting in leakage. Heavy or light rain, wind direction, temperature, and the time of year that the leak occurs are all important clues to tracing roof leaks. Note whether the leak stops shortly after each rain or continues to drip until the roof is dry. If the owner is prepared with the facts, the diagnosis and repair of roof problems can proceed more rapidly.
- G. In some emergency situations, owner-applied temporary patches may be made to stop leaks to minimize property loss. Except for certain emergency situations, owners should not attempt roof repairs. The puncturing of a blister or the spreading of a liquid-applied coating or bituminous cement may only cover up evidence needed to ascertain the real problem. For your convenience, we have provided a basic inspection form on the reverse side of this page that addresses several critical areas of the roofing system.

COVERAGE

CertainTeed LLC (CT) warrants that the thermal insulation R-Value of its family of FlintBoard® polyisocyanurate foam insulation products (FlintBoard) will not at any time after the first (1st) year of purchase, but prior to the start of the twentieth (20th) year after purchase, diminish to less than eighty percent (80%) of the published R-Value of the FlintBoard at the time of purchase. This Limited Warranty is expressly made subject to the following terms, conditions and limitations:

WARRANTY LIMITED TO ONE EVALUATION

Owner agrees that the Limited Warranty is based on an evaluation of FlintBoard as hereinafter set forth, and that the FlintBoard may be evaluated for R-Value only one time during the time period for which this Limited Warranty is made. Owner agrees and understands that the FlintBoard may not be evaluated each year and that the Limited Warranty applies only to the results of the initial test performed on the product.

PROOF OF PURCHASE

As a condition precedent to recovery under this Limited Warranty, owner agrees to retain the original Proof of Purchase of FlintBoard product (sales receipt) and to submit the same to CT when filing a claim. The original Proof of Purchase (sales receipt) must clearly establish that it relates to the FlintBoard which is the subject of the claim.

WARRANTY AND LIMITATION OF REMEDIES

THIS DOCUMENT CONSTITUTES THE EXCLUSIVE WARRANTIES AND REMEDIES PROVIDED BY CERTAINTEED. THE WARRANTIES AND REMEDIES CONTAINED IN THIS DOCUMENT ARE EXPRESSLY IN LIEU OF ANY AND ALL OTHER OBLIGATIONS, GUARANTEES AND WARRANTIES, WHETHER WRITTEN, ORAL OR IMPLIED BY STATUTE OR AT LAW. STATE OR PROVINCIAL LAW WILL DETERMINE THE PERIOD OF TIME FOLLOWING THE SALE THAT A PROPERTY OWNER MAY SEEK A REMEDY UNDER THE IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. CERTAINTEED'S OBLIGATIONS, RESPONSIBILITIES AND LIABILITY SHALL BE LIMITED TO REPAIRING OR REPLACING THE DEFECTIVE FLINTBOARD PRODUCT AS SET FORTH IN THIS LIMITED WARRANTY. IN NO EVENT SHALL CERTAINTEED BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY KIND, INCLUDING ANY DAMAGE TO THE PROPERTY, THE BUILDING OR ITS CONTENTS, OR FOR INJURY TO ANY PERSONS THAT MAY OCCUR AS A RESULT OF THE USE OF THE FLINTBOARD PRODUCT OR AS A RESULT OF THE BREACH OF THIS WARRANTY. IF YOUR STATE OR PROVINCE DOES NOT ALLOW EXCLUSIONS OR LIMITATIONS OF SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. IN NO EVENT SHALL CERTAINTEED'S TOTAL LIABILITY ARISING OUT OF OR RELATED TO FLINTBOARD PRODUCT OR THIS WARRANTY EXCEED THE COST TO THE OWNER OF THE FLINTBOARD PRODUCT OF THE ORIGINAL INSTALLATION. IN NO EVENT SHALL CT BE LIABLE FOR ANY DAMAGES OR EXPENSES RELATED TO THE REMOVAL OR REPLACEMENT OF THE FLINTBOARD OR ANY COVERINGS OVER THE FLINTBOARD. THIS LIMITED WARRANTY MAY NOT BE MODIFIED, ALTERED OR EXPANDED BY ANYONE, INCLUDING PRODUCT DISTRIBUTORS, DEALERS, SELLERS, INSTALLERS AND/OR CERTAINTEED FIELD REPRESENTATIVES. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE OR PROVINCE TO PROVINCE.

LIMITATIONS OF COVERAGE

CT shall not be liable for and this Limited Warranty does not apply to: (a) FlintBoard which has been damaged, abused, misused, punctured, crushed, or improperly applied or installed; (b) FlintBoard which has been harmed by use or environmental conditions such that the foam cells have been ruptured by excessive heat, cold and/or humidity; (c) FlintBoard wherein the moisture content as shown by the moisture content test taken on the sample at the time of evaluation indicates an excess of three percent (3%) moisture by weight; (d) FlintBoard which has not been handled, stored or used according to the instructions outlined on CT labels or CT product literature in effect at the date of sale; or (e) any other cause not related to manufacturing defects.

EVALUATION OF R-VALUE AND NOTICE OF CLAIM

If at any time after the first (1st) year from the date of purchase of the FlintBoard, but prior to the twentieth (20th) year, owner decides to evaluate the FlintBoard R-Value, owner shall notify CT in writing at CertainTeed Roofing Warranty & Technical Services Department, 20 Moores Road, Malvern, PA 19355, (800) 396-8134 at least sixty (60) days prior to the removal of the installed samples. Owner agrees that a CT representative shall monitor and choose the sampling places, the testing facility and the testing procedures. Owner agrees, at its own expense, to remove samples, replace and repair the sample area, and have tests made on the FlintBoard only in the presence of a CT representative. Owner further agrees that a moisture content test shall also be performed under the above terms and conditions and that owner shall be responsible for all costs involved in connection therewith. If the owner removes or damages the FlintBoard prior to the scheduled sampling, this Limited Warranty shall be void. All testing of the insulation samples will be conducted at a NAVLP certified independent testing laboratory approved by CT. Results of the testing will be final and binding on all parties concerned.

LIMITATION OF LIABILITY

If the test results of the FlintBoard samples as determined by the independent testing laboratory verify that the R-Value has fallen below eighty percent (80%) of CT published specifications in force at the time of the original sale, CT will reimburse owner a percentage of owner's original purchase price of FlintBoard product pursuant to the following schedule:

Year(s) After	Percent Reimbursement Of Original Purchase	Year(s) After	Percent Reimbursement Of Original Purchase
1-10	100%	16	40%
11	90%	17	30%
12	80%	18	20%
13	70%	19	10%
14	60%	20	0%
15	50%		

THE AMOUNT ORIGINALLY PAID FOR THE FLINTBOARD BY THE OWNER SHALL BE EVIDENCED BY THE ORIGINAL PROOF OF PURCHASE. IN NO EVENT SHALL THE AMOUNT OF ANY LIABILITY AND/OR REIMBURSEMENT OF CT UNDER THIS LIMITED WARRANTY BE GREATER THAN THE ORIGINAL PURCHASE PRICE OF THE FLINTBOARD.

TRANSFERABILITY OF WARRANTY

This Limited Warranty may be transferred to a subsequent owner only if CertainTeed Roofing Warranty & Technical Services Department is notified at the above listed Malvern address within thirty (30) days of real estate title transfer and upon payment of the applicable transfer fee to CT. Failure of the owner or subsequent owner to transfer this Limited Warranty pursuant to these stated conditions terminates CT's warranty obligations and the Limited Warranty will be voided.

NOTE: Not more than one claim may be filed on any one building.

CONDITION PERTAINING TO WARRANTY EFFECTIVENESS

This Limited Warranty shall become effective following complete installation of the FlintBoard and payment in full to the roofing contractor. Should a dispute arise between any of the parties (contractor, owner, CT) as to whether or not the contractor was paid in full, CT will hold the Limited Warranty in abeyance until such time as the parties agree that this condition has been satisfied.

AGREEMENT TO BINDING ARBITRATION

Any and all claims, disputes and other matters in question that may occur between owner, the contractor, and/or CT, arising out of, in connection with, or relating to this Limited Warranty or breach thereof, shall be submitted to BINDING ARBITRATION for resolution. The arbitration shall be conducted by the American Arbitration Association under its Construction Industry Arbitration Rules then in effect, unless the parties mutually agree otherwise. This agreement to arbitrate shall be specifically enforceable under the Federal Arbitration Act, 9 U.S.C. § 2 or the applicable state arbitration laws. The award rendered by the arbitrator shall be final, and judgment may be entered upon such award in accordance with applicable law in any court having jurisdiction thereof.

Issuance of this Limited Warranty or roof inspections made by CT or an authorized agent of CT does not constitute an approval of the roof, roof design plans or specifications, or construction or installation of the roof. The existing roof deck and/or other substrates have not been inspected by CT and are NOT part of this Limited Warranty.

ROOF MAINTENANCE

This Limited Warranty is not a maintenance agreement or an insurance policy. Routine inspections and maintenance of the roof system must be completed by the Owner on a regular basis and are the Owner's responsibility. Inspections by Owner shall take place at least on a semi-annual basis and shall be documented. Periodic inspections are the Owner's responsibility and shall include such things as making minor repairs, cleaning off debris, cleaning filters and gutters, unclogging drains and removing standing water. Lack of regular maintenance shall void this Limited Warranty. For specific information on roof maintenance requirements please visit our website at www.certainteed.com.

UNAPPROVED REPAIRS, ALTERATIONS, DELETIONS OR ADDITIONS

All repairs, alterations, deletions or additions to any aspect of the roof that affects SmartFlash ONE or any material contiguous thereto must have prior written approval of CertainTeed Roofing Warranty & Technical Services Department, 20 Moores Road, Malvern, PA 19355, (800) 396-8134 x2. If Owner, without prior written consent of CT, makes or permits any repairs, alterations, deletions or additions to the roof that affect the SmartFlash ONE, all of CT's obligations, duties and coverage under this Limited Warranty will terminate and the Limited Warranty will be voided.

NOTICE OF CLAIMS

Any claim or request for CT to perform under this Limited Warranty must be made by Owner in writing to the above listed address, by email to rpg.t.services@saint-gobain.com or by visiting www.ctroof.com within thirty (30) days of discovery of the defect, and Owner must send proof of purchase and samples that demonstrate the alleged manufacturing defect to CertainTeed Roofing Warranty & Technical Services Department. This notice of claim must include a general description of the alleged defect. Owner shall grant access to the entire roofing system as necessary for CT to investigate the claim. If access is not granted, CT shall have the right to determine, at its sole discretion that this Limited Warranty is void as to that portion of the roof to which access is denied. Contract or invoice from roofer for service, product or work completed does not constitute Proof of Purchase of CT products. Original Proof of Purchase is required and best obtained from the place of purchase. Copies are not acceptable. Failure to notify CT in a timely manner shall relieve CT of any obligation under this Limited Warranty.

NOTE: Notice of claim to your contractor does not constitute notice to CT. In the event an emergency condition exists which requires immediate repair to avoid damage to the building or its contents, Owner may make essential temporary repair(s) performed by a qualified roofer. CT will only reimburse Owner for essential temporary repair expenses that would have been covered under this Limited Warranty.

TRANSFERABILITY

This Limited Warranty may be transferred to a subsequent owner only if CertainTeed Roofing Warranty & Technical Services Department is notified at the above listed address within thirty (30) days of real estate title transfer and upon payment of the applicable transfer fee to CT. Failure to transfer this Limited Warranty pursuant to these stated conditions terminates CT's warranty obligations. If it is determined at CT's sole discretion that the roof is in a state of poor maintenance or in disrepair, CT reserves the right to reject the transfer and void this Limited Warranty. All transfer fees will be refunded minus the cost of any applicable inspection and administrative fees.

LIMITATIONS OF REMEDY AND LIABILITY

THIS DOCUMENT CONSTITUTES THE EXCLUSIVE WARRANTIES AND REMEDIES PROVIDED BY CERTAINTEED. THE WARRANTIES AND REMEDIES CONTAINED IN THIS DOCUMENT ARE EXPRESSLY IN LIEU OF ANY AND ALL OTHER OBLIGATIONS, GUARANTEES AND WARRANTIES, WHETHER WRITTEN, ORAL OR IMPLIED BY STATUTE OR AT LAW. STATE OR PROVINCIAL LAW WILL DETERMINE THE PERIOD OF TIME FOLLOWING THE SALE THAT A PROPERTY OWNER MAY SEEK A REMEDY UNDER THE IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. CERTAINTEED'S OBLIGATIONS, RESPONSIBILITIES AND LIABILITY SHALL BE LIMITED TO PROVIDING REPLACEMENT SMARTFLASH ONE OR SMARTFLASH ONE REFUNDING THE ORIGINAL COST OF THE DEFECTIVE SMARTFLASH ONE OR SMARTFLASH ONE AS SET FORTH IN THIS LIMITED WARRANTY. IF YOUR STATE OR PROVINCE DOES NOT ALLOW EXCLUSIONS OR LIMITATIONS OF SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU. IN NO EVENT WILL CERTAINTEED'S TOTAL LIABILITY ARISING OUT OF OR RELATED TO SMARTFLASH ONE OR SMARTFLASH ONE OR THIS WARRANTY EXCEED THE COST TO THE OWNER OF THE SMARTFLASH ONE OR SMARTFLASH ONE THAT WAS ORIGINALLY INSTALLED. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE OR PROVINCE TO PROVINCE.

MODIFICATIONS OF COVERAGE

Except as noted herein, this Limited Warranty may not be modified, altered or expanded by anyone, including product distributors, dealers, sellers, installers and/or CT field representatives. Only CT's Technical Services Department is authorized to modify coverage provided by this Limited Warranty. Issuance of this Limited Warranty or review or inspection of plans, the building or product application by a CT representative does not waive any exclusions or conditions of this Limited Warranty. EXAMINATION OR INSPECTION

CT does not practice engineering or architecture. Any roof inspections performed by an authorized representative of CT are solely for the benefit of CT.

This Limited Warranty will become void if costs associated with non-warranty findings are not paid in full within 30 days of receipt of any CT invoicing. If it is determined that CT installation procedures have not been followed, or the required materials have not been installed, CT may cancel this Limited Warranty at any time.

Endorsement to Warranty _____

CertainTeed (“CT”) warrants the roof membrane or system associated with the above warranty number with an Enhanced Wind Warranty Endorsement, extending warranty coverage for leaks caused by wind speeds above the published, maximum warranted speed, 54 mph, up to _____ mph.

CT warrants that the roof membrane or system as applicable, when installed in accordance with CT-provided, Enhanced Wind Warranty Application instructions, will repair the roof membrane or system as applicable to the original watertight conditions up to the allowable speed of the Endorsement for the first ten (10) years of the warranty duration. After ten (10) years, the wind speed covered by the Endorsement will decrease by the following percentages during each subsequent year, but the covered wind speed will not go below the original published speed of 54 mph. All reductions are calculated and then rounded up:

- a.** 4% for 25-year NDL warranties
- b.** 5% for 20-year NDL warranties
- c.** 6.67% for 15-year NDL warranties
- d.** 8.3% for 12-year NDL warranties

10-year NDL warranties are not subject to wind speed proration.

The remainder of the NDL warranty shall remain unchanged and subject to the published terms. See warranty document for further details.

This Endorsement shall become effective only upon payment by the roofer of the applicable wind endorsement fee fixed by CT. (See Warranty Overview/Warranty Fee Schedule for fee schedule).
