WHEN UNIQUE AESTHETICS  
MEET SUPERIOR PERFORMANCE

## ▀ Gyptone® Acoustic Ceilings & Walls

  
SAINT-GOBAIN

# Beauty in what you see— and what you don't.

**Gyptone® Acoustic Ceilings and Walls** looks as good as they make you feel. Both elegantly clean and dazzlingly dramatic, Gyptone is a lift to the senses, with a distinctive appearance, excellent sound absorption, improvement to air quality, and low environmental impact.

Spanning a diverse portfolio of perforated large-format, curved, and lay-in panels, Gyptone can create spectacular looks with a durable, paintable gypsum material and excellent acoustical control.

- **Gyptone BIG™:** Large-format perforated board for high-impact visuals
- **Gyptone BIG Curve:** Large format perforated board that supports a dry-bend radius of 10'
- **Gyptone Acoustical Panels:** Standard lay-in panels in square or narrow reveal edges as well as non-perforated or 4 perforation patterns
